PET FIRST AID AND CPR CLASSES

- Do you know what to do if your pet stops breathing?
- Can you help a pet that has been hit by a car?
- Can you control bleeding in your pet before taking them to the Veterinarian?
- Did you know that 1 out of 4 or more pets could be saved if just one pet first aid technique was applied before getting Veterinary care?
- If you answered no to any of the questions above, you may need a Pet First Aid and CPR Course!
- Keep up with the times it's the best present you can give to your pet.
